Additionally, the "Verein der Freunde" counts more than 130 individual members.

THE ASPEN INSTITUTE GERMANY

The Aspen Institute Germany is an international, nonpartisan, and nonprofit organization. Its mission is to foster values-based leadership, to encourage individuals to reflect on the ideals and ideas that define a good society, and to provide a neutral and balanced venue for discussions on critical issues.

The individual and social values of the humanistic tradition are promoted through long lasting networks as well as a continued open-minded and critical discourse among top executives from Europe, America, and the whole world.

The Aspen Institute achieves its aims through regular meetings of interdisciplinary groups of decision-makers from the fields of academia, the economy, politics, culture, and media, whose representatives might otherwise meet only rarely or are even in open conflict with each other.

At numerous symposia, conferences, and discussion rounds, Aspen Germany engages in difficult questions of contemporary politics in detailed, candid, and confiding round tables in order to find common solutions for the challenges of our time.

VEREIN DER FREUNDE DES ASPEN INSTITUTS e.V.

The "Verein der Freunde des Aspen Instituts e.V." (Association of Friends of the Aspen Institute) was founded in Berlin in 1989. Its founders and members are representatives of business, academia, politics, diplomacy, and culture. It is their goal to support the implementation of the mission and aims of the Aspen Institute Germany.

Corporate, individual, and junior members support the Institute's work through their annual donations. The contributions build the basic funding of the Aspen Institute Germany. They allow the Institute's staff to serve the Institute's mission independently and in a nonpartisan matter.

One main characteristic of the "Verein der Freunde" is the familiar and exclusive atmosphere in which they regularly convene. They enjoy intimate events and special occasions such as the summer party, the Berlin Transatlantic Forum, and annual artificial intelligence conference. Besides being intellectually stimulating, these events offer a unique networking opportunity.

All members receive the internal newsletter "Aspen Inside" three times a year, in which new members are introduced, upcoming events announced, and past ones reviewed. Aspen publications such as the annual report or official conference papers can be ordered from the Institute for free.

INDIVIDUAL MEMBERS support the Aspen Institute Germany with 500 € per annum. They receive personal and non-transferable invitations to the named events. Young individuals up to the age of 35 may become **JUNIOR MEMBERS** at the special annual rate of 250 €.

In addition to the benefits that individual members enjoy, **CORPORATE MEMBERS** donating 3,000 € or more annually may send two representatives to all of the above named events. They are furthermore invited to an annual exclusive corporate member lunch with high-level keynote speakers and to select special occasions.

Individual and corporate members of the Friends receive a 10% (350 €) discount at the German Leadership Seminar. Corporate members may send one representative per seminar at the reduced fee, individual members may use this benefit once. If you decide to become an individual or corporate member within six months of your seminar participation, your first annual contribution will automatically be reduced by 350 €.

Family, gift, and mentoring memberships are available upon requests.

Donations to the Friends are tax-deductible in Germany, the EU, and in the United States. Please contact us for more information.
