

## WHY SHOULD YOU BE A PART OF THE FRIENDS OF ASPEN GERMANY?

→ *Work together with us toward a free, just, and diverse society*

The “Verein der Freunde” (Friends of Aspen Germany) is a club founded in 1989 with the goal of not only financially supporting the work of the Aspen Institute Germany, but also actively working toward the realization of a free, just, and diverse society. We are convinced that reaching these goals takes a **team effort**.

Being part of the Friends of Aspen Germany gives you **exclusive insights** into transatlantic relations, the future of Europe, digitalization, and leadership. Together with you, we drive change through dialogue, and action. Our work and the impact we have on people and society is not possible without your financial support.

## BECOME A LEADER

Our societies are confronted with ever-mounting challenges accumulating in increasingly short timeframes. Our solidarity and empathy are put to the test, and we are forced to become more resilient. In these trying times, leaders with exceptional skills are paramount. Fostering values-based leadership skills across all sectors of society lies at the heart of the Leadership Program of the Aspen Institute Germany. Our program promotes these skills through the digital Leadership in Times of Crisis speakers series and its unique in-person Leadership Seminars.
